You can report scam calls or emails to law enforcement. Please call 410-535-2800 for the Calvert County Sheriff's Office or 410-535-1400 for the Maryland State Police, Prince Frederick Barrack. ## EXPLORE Virtual Field Trips

Did you know that Calvert Marine Museum offers a variety of virtual field trips for elementary and middle school students? One offering designed for students in grades 6-8 is a Chesapeake Bay Field Lab. While learning about oysters and blue crabs during this science-based program, students will examine current water quality data and formulate theories as to what factors influence the conditions in the Chesapeake Bay. Students will also explore regional invasive species. As a case study, students will learn about the whale through time and make predictions about the effects of cyclical environmental changes. Additionally, they have the opportunity to create solutions to current threats to the ecology of the local waters. Visit the link below to learn more.
